

BRADFORD HOME

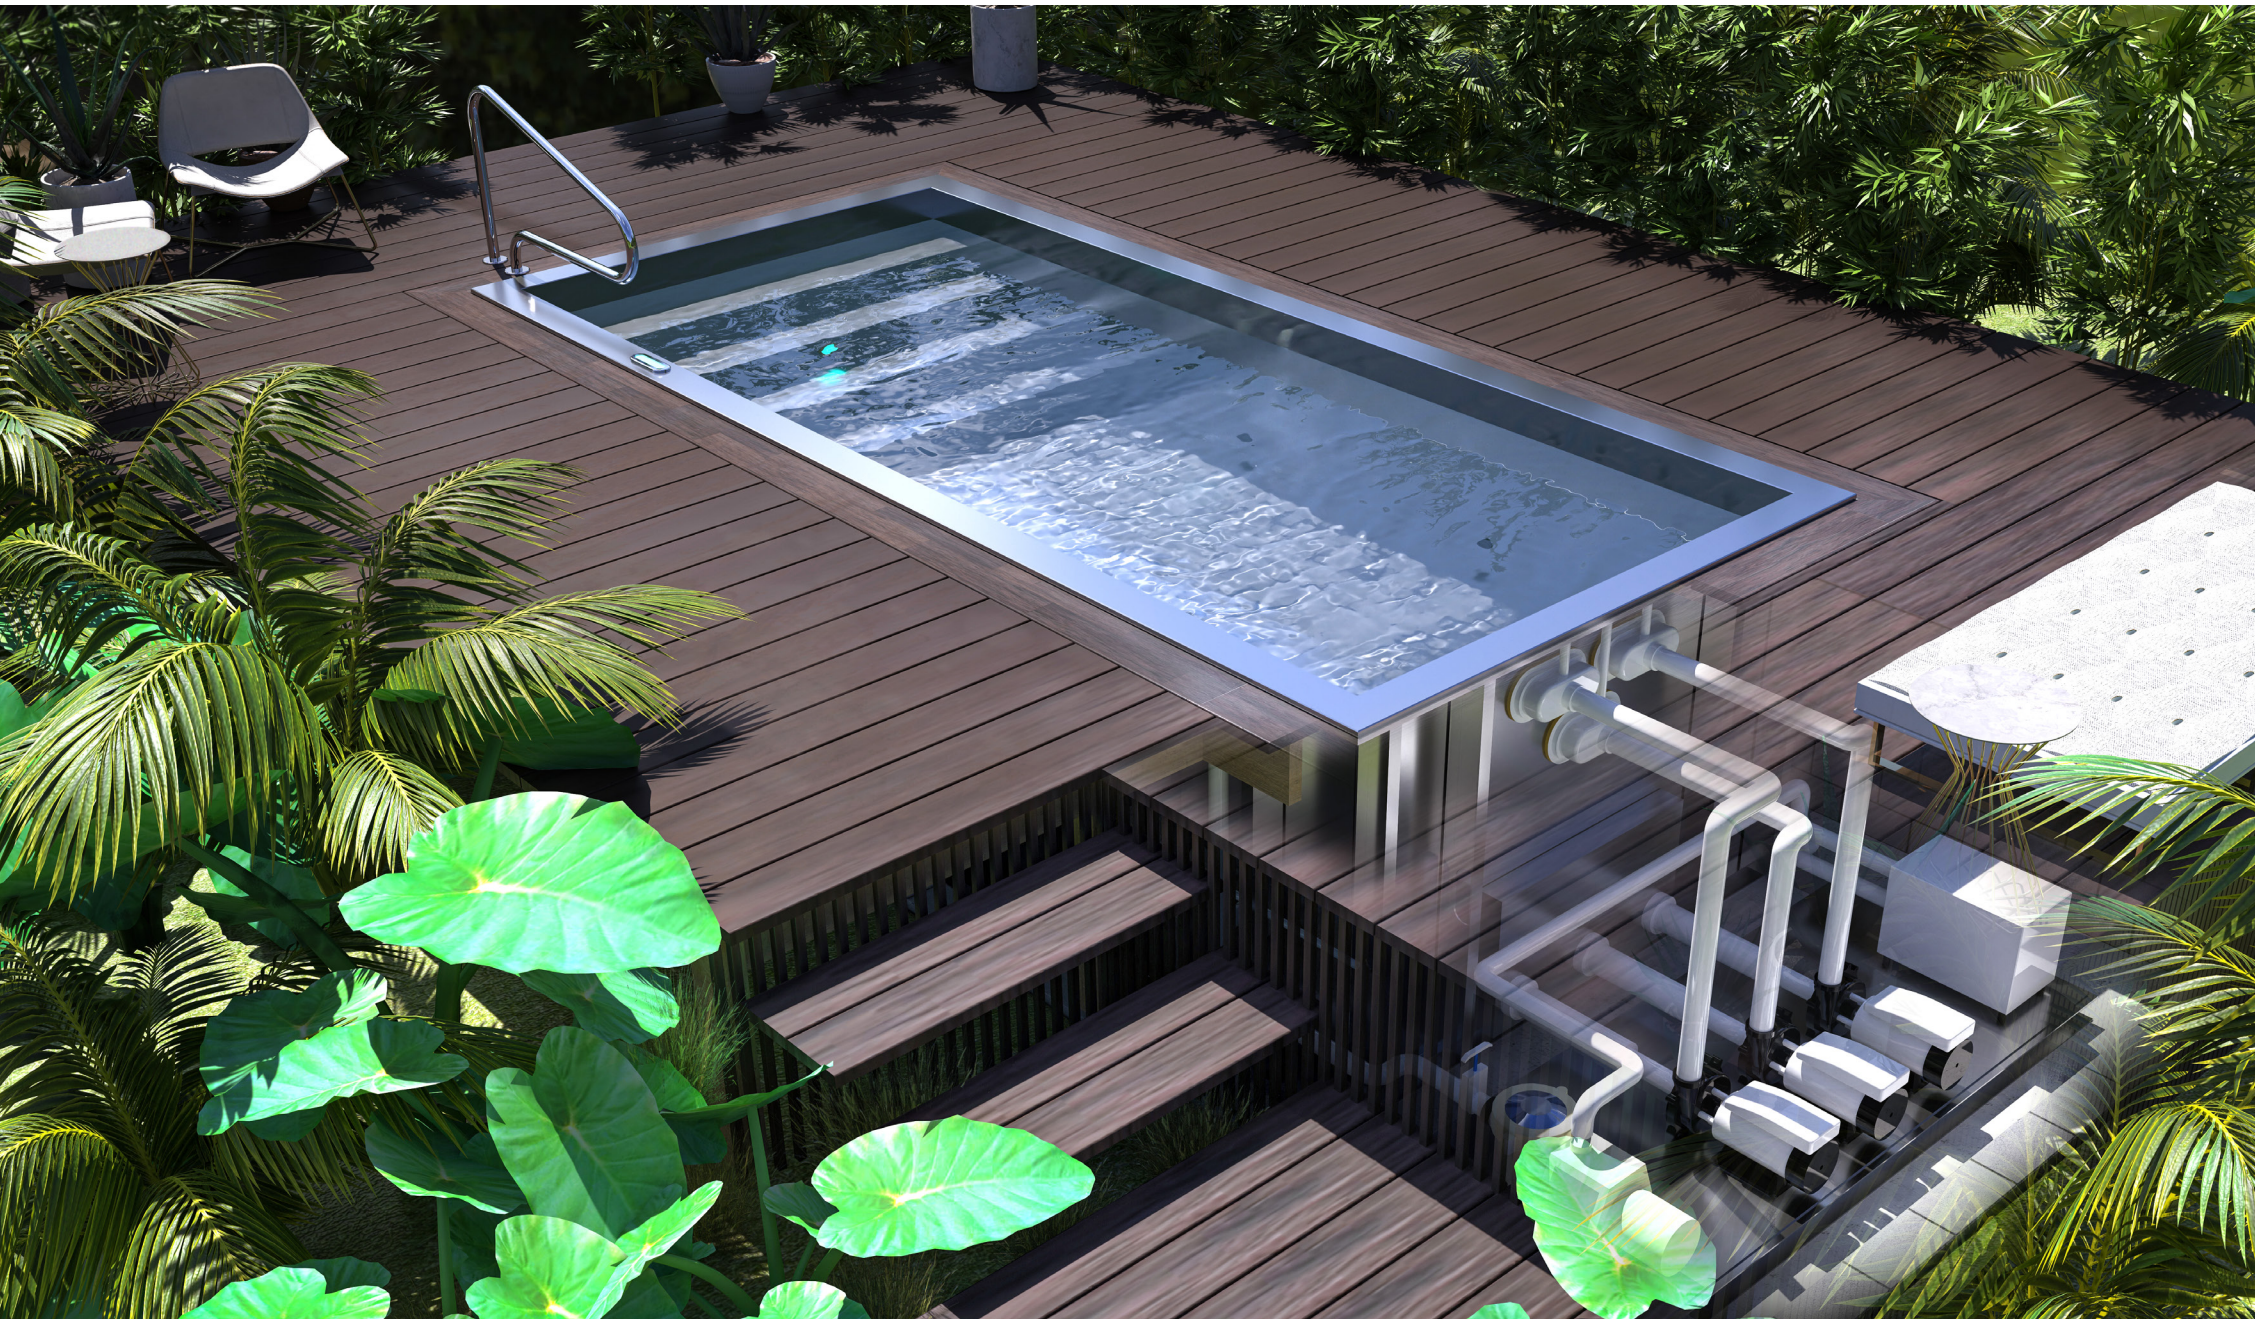

Residential SwimSpa

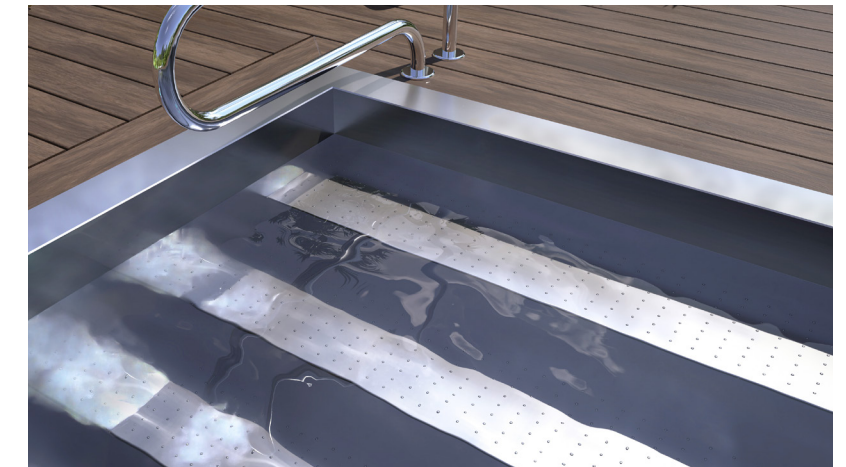

BRADFORD

Swim for miles...without ever leaving home

The **SwimSPA 16** is built fully free standing with integrated equipment and swim system, so it can accommodate virtually any application. Available in stunning stainless steel finish with dimpled stairs and floor for added traction and style.

Keep a healthy body and mind with a daily dip in your SwimSpa – made just for you. Backed by decades of expertise in stainless steel fabrication, Bradford SwimSpas are built to last, providing worry-free home exercise and water therapy.

Unique to our stainless steel SwimSpas are the dimpled, non-slip full width entry steps. These provide a safe and practical access to the water, while making a great place to sit and relax between exercise sessions.

It wouldn't be a Bradford SwimSpa without providing a truly natural swimming experience. Powerful pumps and state-of-the-art controls behind the scenes are combined with the sleek beauty and timeless appeal of stainless steel.

Residential SwimSpa

BRADFORD HOME

The SwimSPA 16 is just the beginning. As with all Bradford Home pools and spas, customization allows you to further create the ultimate in aquatic vessels. Whether that includes stunning glass tile and stone finishes, bench seating with hydrotherapy jets or fully automatic safety covers...A Bradford custom SwimSpa is your personal expression of exercise & relaxation.

Talk to your representative today and learn how easy it is to make your vision a reality.
